

## COMMANDING OFFICER'S STATEMENT ON EQUAL OPPORTUNITY

Every Marine, sailor, and civilian of this command shall have full and equal opportunity to succeed and will be treated as a professional.

This goal can only be accomplished in a workspace free of discrimination. Treating our service members differently based upon their age, ethnicity, gender, race or religion is unfair, against regulations and law and will not be tolerated.

Treating each other with dignity is integral to the development of personal pride, unit efficiency, readiness and esprit de corps. Discrimination, hazing and harassment are forbidden in any form. Our work environment, on and off duty activities, work spaces and living quarters, will be a reflection of this policy.

Every member of this command is charged with the responsibility to enforce this policy and keep our command climate healthy. This requires immediate intervention to resolve and report every discrimination, hazing, or harassment incident, using as appropriate, the informal resolution system, request mast and the chain of command.

I expect every member of Marine Aircraft Group 24 to adhere to the spirit as well as the intent of the law; our policy is one of zero tolerance. High standards of personal worth and morale are essential to success in our mission.
